DELIMITATION COMMISSION, INDIA

NOTIFICATION

New Delhi the 21st, June 1973

S.O. 366 (E).—In pursuance of clause (a) of sub-section (2) of section 9 of the Delimitation Act, 1972 (76 of 1972), the Delimitation Commission hereby publishes its proposals for the delimitation of parliamentary and assembly constituencies in the State of Manipur and specifies 16 August, 1973, as the date on or after which the proposals will be further considered by it.

Any objections or suggestions in regard to these proposals should reach the Secretary, Delimitation Commission 'Nirvachan Sadan', Ashoka Road, New Delhi (PIN-110001), before the said date. It will facilitate prompt consideration if the objections and suggestions are sent in English, and a copy endorsed to the Chief Electoral Officer of Manipur, Imphal.

Proposals*

(1) The territorial constituencies into which the State of Manipur shall be divided for the purpose of elections to (a) Legislative Assembly of the State and (b) the House of the People and the extent of each constituency and the constituencies which are reserved for the Scheduled Castes and Scheduled Tribes, shall be as shown in Table A and B, respectively,

(2) Where the name of a constituency as shown in Table A is distinguished by the brackets and letters "(SC)", the seat in that constituency is reserved for the Scheduled Castes, and

(3) Where the name of a constituency as shown in Table A or B is distinguished by the brackets and letters "(ST)", the seat in that constituency is reserved for the Scheduled Tribes,

DISSENTING PROPOSALS

(I)

I beg to submit this note for public circulation along with the Commission's draft proposals to be circulated for public objections. This submission has been necessitated by my inability to agree with the basic feature of the Commission's draft which disturbs the *status quo* in the distribution of seats in the two regions of the State, namely, the Hills and the Valley on the one hand and in the various Hill Districts and sub-divisions in the Valley on the other. You will kindly recall in this connection that the Commission and associate members could not come to any agreement or compromise on the basic criteria governing the allotment of seats. I am, therefore, constrained to observe that—

- (a) The draft proposal, if fully accepted, will amount to complete derangement of the political and other individualities built up over the years through the earlier assembly constituencies;
- (b) The existing delimitation of 60 constituencies was affected more or less by bifurcating the erstwhile 30 constituencies which were delimited before Manipur attained Statehood with good justification;
- (c) Complete reorganisation is uncalled for;
- (d) *Status quo* has to be maintained in respect of allotment of seats in the two regions of the State *viz.* The Hills and Valley; 19: 41;
- (e) Immaculate isolation of the Imphal Municipality area from the areas outside, particularly in the Greater Imphal, has no justification and will serve no useful purpose;
- (f) The number of seats to Hill Districts and Sub-Divisions in the Valley should not be disturbed;
- (g) Delimitation of a general constituency in the Hill areas over the above the 19 seats reserved for Scheduled Tribes at the cost of a general seat in the Central District is unjudicious; and
- (h) Both associate members opposed the basic criteria for allotting 20 seats to the Hill areas, thereby dismembering an assembly seat in the Central District.

You will also recall that inspite of prolonged deliberations on the need for the maintenance of *status quo* in the meetings of the Commission held on the 5th and 6th June, no unanimous solution was arrived at. It was given to understand by the Commission that while minor adjustments could be made within the framework of the basic criteria proposed in the draft, the basic structure of allotment could not be disturbed and had to be circulated for public objections, if any. Under the circumstances the associate members namely, Sri Paokai Haokip M.P. and myself expressed our inability to go into further details unless the Commission was not prepared even to consider the issue further before circulating the draft. If we understood the position of the Commission correctly, the Commission did not even commit for a reconsideration of the criteria of allotments. The associate members were thus compelled to refrain from participating in the discussions for minor details in the framework proposed by the Commission. The associate members did not like to prejudice the matter before hearing public objections on the one hand and feel strongly against the Commission's basic criteria and desire to make their positions as clear as possible to the general public of Manipur in this behalf on the other. I strongly feel that the best proposals for the delimitation of assembly constituencies on the eve of the next mid-term elections should (a) allow adjustments between the Municipal area and the Greater Imphal area, wherever there is such a need, (b) maintain *status quo* in respect of allotment of seats, (c) allow minimum disturbance to existing assembly constituencies.

While making this submission, I have taken due care to be objective in all my observations. It is hoped that this note will receive due consideration of the Commission and the people of Manipur. My primary objective behind this note is to show to the general public of Manipur that the present draft has made a basic departure from the existing position and that all concerned shall have to examine the various factors involved with due care and attention. I believe that this note will be helpful in bringing about a proper and legitimate solution of the basic problems involved in such a serious matter as the delimitation of new constituencies for the State of Manipur. I have gone through the note submitted by my Hon'ble colleague Shri Paokai Haokip. I am not repeating the views contained in it as I am absolutely in agreement with them.

(II)

I as an associate member of the Delimitation Commission consider it a privilege and duty to submit some of the proposals through which I would like to approach the problem of delimiting the Parliamentary and Assembly constituencies for the State of Manipur. Though we could

not proceed further on the basis of the tentative proposals of the Commission in the course of our two meetings I, nevertheless very much appreciate the pains taken in initiating the task by the Commission.

In the first place I would like to draw the kind attention of the Commission to the plight of the citizens of Thoubal Valley of Manipur who are included in the Outer Manipur Parliamentary reserved constituency since the day of representation in the Lok Sabha. The reason for the inclusion of the population of this portion of the entire valley is quite obvious. What is worse than the remedy now is that since the day of their inclusion, majority of them have lost one of their political rights and as a result of which they have not been able to participate in the elections to the House of the People from the Inner Manipur Parliamentary Constituency. However, sound the principle of equal representation of population may be, the idea of losing a dear politico-democratic right is unthinkable and wrongful. Such an instance cannot but be deemed as an injustice of the first order. Now, without attempting to acquaint the Commission with the history of the long standing demand of the afflicted citizens I, would rather wish to hasten to suggest to the Commission to do the utmost in its capacity towards the restoration of the inalienable right of the political life to those by means of possible readjustments. To be in line with them I would suggest to include the non-scheduled caste and scheduled tribe populations in the Inner Manipur and to exclude the tribals residing at the farthest edges of Inner constituency from the Inner Constituency itself. In this particular connection a word of mention of the vastness of the Outer Manipur may also be made. The area of Manipur as a whole in terms of square miles is approximately 9,000 (Nine thousand). Out of this only 700 square miles is (Seven hundred) valley having the densest population and highly developed roads of communications. It must not be out of place to wish the vastness and geographical difficult situation to substitute the lack of population in outer Manipur Parliamentary Constituency.

Now, with regard to the Delimitation proposals in respect of Assembly Constituencies it has to be repeatedly said that some of the tentative proposals are unsuitable to a few majority of the entire sixty assembly constituencies and various sections of the people. I support the draft proposals in so far the Hill areas are concerned, to bring about a change in the present number of seats in Manipur East District, Manipur North District and Manipur South District. But the proposals to increase the number of seats in the Manipur North District by one under the name of Kangpokpi to be an open seat comprising the scheduled area itself cannot but be looked upon as UNCONSTITUTIONAL. The constitutional position of the area is too clear to add a word here. I am not opposed to the good intention to allot one more seat, in the district itself as population justification exists. I am also not opposed to reduction of seats and augmentation in any of the Hill Districts if population justifies in the main, as a Scheduled Tribe reserved seat. I have read the note of my colleague Shri N. Tombi Singh and I am fully in agreement with him. Now, leaving further suggestions for the minor adjustments here and there for the next happy occasion, I take this opportunity to convey my suggestions for the delimitation of Hill areas and Parliamentary Constituencies of Manipur in the following pattern with distribution of population remaining the same in the present delimitation proposals of the Commission with a slightest change, for eliciting public opinion through publication.
